Important Note About Origination Fees

The **origination fee** is a percentage of your federal loan amount that is deducted from the gross amount before disbursement. This means that the **net amount** you receive will be **slightly less** than the amount you accept or adjust. For the 2025-2026 academic year, the **origination fee** is 1.057% for Federal Direct Loans. Please consider this when deciding how much you wish to borrow. **Loan amounts are split between semesters of enrollment**.

Loan Limits by Grade Level and Aggregate Amounts

- Freshmen (0-29 credits): Maximum \$5,500 in federal loans per year, with up to \$3,500 subsidized.
- **Sophomores (30-59 credits):** Maximum \$6,500 in federal loans per year, with up to \$4,500 subsidized.
