

BACHELOR OF BUSINESS ADMINISTRATION DATA MANAGEMENT & ANALYTICS

PROGRAM DESCRIPTION

Data is a powerful asset that drives decision-making and competitive advantage in modern organizations. The Data Management & Analytics major concentration provides you with an in-depth understanding of how to collect, organize, analyze, and interpret data to support business strategy and operations. You will learn how to transform data into actionable insights, use analytical tools to evaluate performance, and communicate findings effectively to stakeholders. A major concentration in Data Management & Analytics is designed to prepare you to leverage data to inform decisions and improve organizational outcomes. The demand for professionals who can apply data in business contexts continues to grow, but they must be well-rounded. The program includes our Cleary Mind™ curriculum along with business and technology courses. Career opportunities across industries are expanding as organizations increasingly rely on data to guide strategy, optimize performance, and identify new opportunities, creating strong demand for professionals who can bridge data analysis and business decision-making.

LEARNING OUTCOMES

- Analyze a complex computing problem and apply information technology principles and other relevant disciplines to identify solutions.
- Design, implement, and evaluate an information technology-based solution to meet a given set of requirements in the context of the program's discipline.
- Use systemic approaches to select, develop, apply, integrate, and administer secure information technologies to accomplish user goals.

Graduates with a Bachelor of Business Administration in Data Management & Analytics are prepared for careers such as:

- Data Analyst
- Business Intelligence Analyst
- Reporting Analyst
- Operations Analyst
- Marketing Analyst
- Financial Analyst
- Data Visualization Specialist
- Decision Support Analyst
- CRM / Customer Insights Analyst
- Supply Chain Analyst
- Analytics Coordinator
- Business Data Specialist

THE EIGHT ATTRIBUTES OF THE CLEARY MIND™

The Cleary Mind™ defines who we are and sets us apart from other universities. Students, whether online or on campus, embrace its principles throughout their studies, shaping their approach to thinking, leading, and living. By graduation, they're not only job-ready but also excel as critical thinkers, problem solvers, communicators, and ethical leaders. Employers value Cleary graduates for exceeding expectations!
