

BACHELOR OF SCIENCE HEALTHCARE MANAGEMENT

PROGRAM DESCRIPTION

The Bachelor of Science (BS) in Healthcare Management prepares students for rewarding careers in healthcare management. This curriculum prepares student to work in many facets of the healthcare environment, which require practical, in-depth knowledge of the U.S. healthcare system, areas such as community health, insurance and reimbursement systems, financial management, strategic planning, and quality management. Students will gain professional skills in communication, collaboration, problem-solving, and decision-making through individual and group projects, readying them to take on roles that enhance healthcare operations and improve organizational effectiveness.

LEARNING OUTCOMES

- Analyze the U.S. healthcare system to identify effective organizations, structures, delivery modalities, and performances.
- Integrate the domains of accounting, finance, marketing, operations, management, and information technology to improve healthcare organizational and team performance.
- Evaluate the legal and ethical frameworks and policies that impact healthcare professionals and organizations.

Graduates with a Bachelor of Science in Healthcare Management are prepared for careers such as:

- Director of Assisted Living
- Healthcare Administrator
- Medical Records Specialist
- Nursing Home Administrator
- Health Information Technologist
- Medical and Health Services Manager
- Medical Registrar

THE EIGHT ATTRIBUTES OF THE CLEARY MIND™

The Cleary Mind™ defines who we are and sets us apart from other universities. Students, whether online or on campus, embrace its principles throughout their studies, shaping their approach to thinking, leading, and living. By graduation, they're not only job-ready but they also excel as critical thinkers, problem solvers, effective communicators, and ethical leaders. Employers value Cleary graduates for exceeding expectations!

COMMUNICATION

LEADERSHIP

PROBLEM SOLVING
